

PAYWARE MOBILE

TAKE CHARGE

VeriFone's PAYware Mobile is a payment solution for smart devices that allows merchants to accept payments wherever and whenever they do business. With PAYware Mobile's secure audio reader, merchants can swipe a card and capture a signature and email receipts – with security and reliability – so they never have to miss another sales opportunity.

THE SIMPLICITY AND FLEXIBILITY MERCHANTS WANT

- Easily and conveniently accepts credit card and signature-based debit card transactions – simply insert audio reader into an audio jack
- Works in conjunction with PAYware Connect – VeriFone's hosted gateway service – and offers real-time reporting with extensive transaction detail and search capabilities
- Perfect for today's popular smart devices – compatible with iOS, Android and BlackBerry operating systems
- Identifies transaction location – with transaction geo-tagging – to help resolve disputes and analyze sales trends

THE SECURITY BUSINESSES DEMAND

- Fully encrypted card reader ensures credit card numbers are never passed through the device
- Secures customer data and significantly reduces liability risks for merchants
- Allows account administrators to activate, manage and even deactivate gateway access of devices that are lost or stolen
- Designed to meet PA-DSS requirements for application security

THE COST EFFICIENCIES MERCHANTS NEED

- Saves time and reduces transaction fees with swiped, card-present transactions
- Eliminates manual entry errors and reduces deposit slips and printed receipts
- Enables merchants to efficiently manage their businesses with extensive reporting via the gateway portal – includes transaction detail, post-settlement and transaction search
- The only mobile payment application that draws upon the extensive expertise and experience of VeriFone – the leader in payments

Environmental

Operating temperature: 32° to 95° F (0° to 35° C)
Non-operating temperature: -4° to 113° F (-20° to 45° C)
Relative humidity: 5% to 95% non-condensing
Maximum operating altitude: 10,000 feet (3000 m)

Mechanical

35mm (W) x 17mm (D) x 32 mm (H)
Weight: 18g

Electrical Interfaces

Audio jack

Compatibility

iOS
Android
BlackBerry

Security

End-to-end encryption enabled
